Bulk register	<a href="http://bulkregister.com/newtd.phtml">http://bulkregister.com/newtd.phtml</a>

To upload links tick here, ☐ to confirm that you agree to our terms and conditions

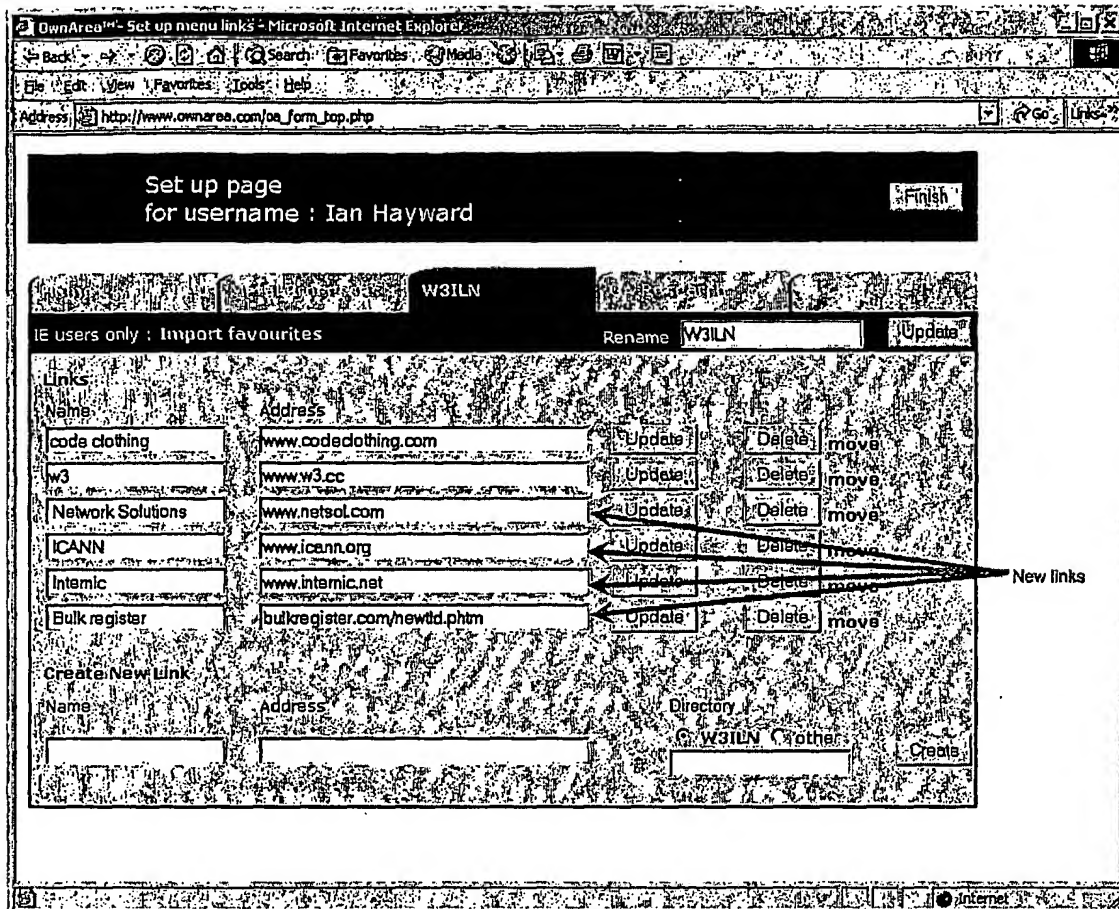

User must type in a link name that is to be displayed in the drop down menu

When user is happy with selection they click continue. The links are imported and they are returned to the page as in figure 3

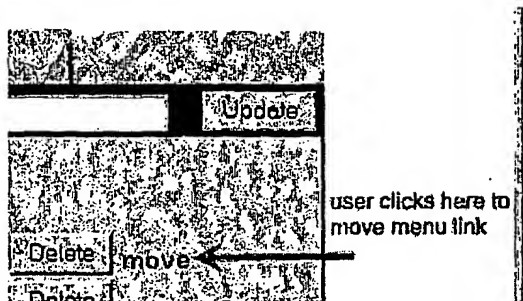

User selects the menu number under which to store the imported link

If user does not wish to upload a link then the default selection is left set to none and this link will be ignored on upload

OwnArea™  
Client area for (account number 12345) Cancel & return to console

**1 : Create Skin**

Create Skin  
please follow the numbered steps above Finish

---

**Step 1: Create skin details**

Skin Number 5441365	Category Music Artist	Name <input type="text"/>	Circulation Limit <input type="text"/>
Skin expiry time <input type="text"/> weeks	Price per <input type="text"/> per week	Include feedback facility <input checked="" type="checkbox"/> Yes	<input type="button" value="Create"/>

When satisfied with details the client clicks create, and the skin details are stored in the database for them

This button then changes to "update" because details can then be changed if necessary

If set to yes, a user can send a message back to the client when they have their skin loaded into their OwnArea

Unique skin number is generated automatically
